

# THE CHALLENGE

Can you afford to miss it?

The Challenge is a series of cutting-edge talks and high-level networking events, which will challenge the way you think, lead and manage.

Join us to hear from - and meet - high-profile business leaders and thinkers, who will share their inspiring insights into leadership and management.

Provocative and even controversial, the speakers will challenge your expectations, as they share their experiences and philosophy in ways which will help you in your own management role.

Events will be held in North Wales at Oriel, St Asaph and in South Wales at the Coed-Y-Mwstwr, Bridgend. Phone or go online to book your free place at these unique events.

Building on the success of the Waterton Challenge series, each event is introduced by an expert compere, and concludes with a networking lunch.

The Challenge provides a unique opportunity to meet, question and learn from some of today's top business brains in a forum designed to help your development and the development of your organisation.

*"Pudiorro vera ditat. Ommo beat que verfero beaquiae peliquam. lam est voluptas sitius sum fugitem oluptas archici"*

**Jo Fairley**  
Co-founder,  
Green & Black's  
Wed 3\* & Thu 4\*\*,  
Nov 2010

## Balancing the Urgent with the Important

The co-founder of the world's first organic chocolate brand, Jo Fairley will explain how leadership and decision-making helped turn a niche product into a global success, and how this experience can benefit businesses like yours.

**Russell Amerasekera**
